DESCRIPTION OF INSTALLATION

Road Service

A hard-surfaced all-weather road provides access to Iman.

These buildings are situated in a wooded area, and are surrounded by a firebreak and at least 1 fence.

Aircraft Landing Strips

The Vedenka Airfield is approximately 10 km west of the ammunition storage depot.

Other Buildings

The support area (H) contains 20 buildings. The quality of this photography precludes a detailed analysis of these buildings. The absence of activity on winter coverage lessens the possibility of extensive billeting in this area.

Ammunition Storage Area

The ammunition storage area (F) contains 25 storage buildings and 3 support buildings.
